Which we had formerly been running
on was to small, a variation, 529 R
to the old. Middle River road, Thence
262 Rods to Thomas Horns Esq, north
line, 84 $\frac{3}{4}$ Rods to the west of what the
plans in our possession, shew that
the base line, should ^{be} there was
nothing observable on this line, only
the blazes did not shew more than
44 grooves and it could not be traced
even as far as standing wood was
thence east 84 $\frac{3}{4}$ to a fallen hemlock,
said by Tho^s Horn to be his S. W corner
Mr Horn shewed in a place where
he once called his S. W corner 40
Rods to the west of this Hemlock, which
he now claims thence from the
hemlock corner last mentioned
N 28° E 230 Rods to a stake & stones
on William Duttons line, said by
Dutton & Wm. Crockett to be
Smiths corner, always said to be
the starting point of the base line
between the lands of the

East & Middle Rivers

14th February 1867 Began at a beech tree said to be D. McGuinn's corner, thence N 28° E to a fallen fir tree marked A.M. 288 Rods thence 12 Rods to a fallen fir tree marked for a corner thence 98 Rods to a tree marked A.M. thence to the old East River road, 123 Rods thence to Garlock road 136 Rods thence 262 rods to Thomas Horn's line, at or near the place where W. Horn said his S.W. corner, once was it was observable on this line that all the lines running from both Rivers appeared to terminate or at none of them crossing it

28 March 1867 Began at the North west angle of what was Joseph Crockett's land thence S 45° E. 464 Rods to Garlock road same course 70 Rods to David Munroe North east corner, thence same course to the spruce stump marked for a corner, on the west line or main line created 238 Rods making in all 772 Rods from the River

Such is 81 Rods short of what Mr. Poppe had laid off for W. Crockett & Munroe on the 19th July 1842 for which see Mr. Poppe's plan, in possession of Mr. Crockett

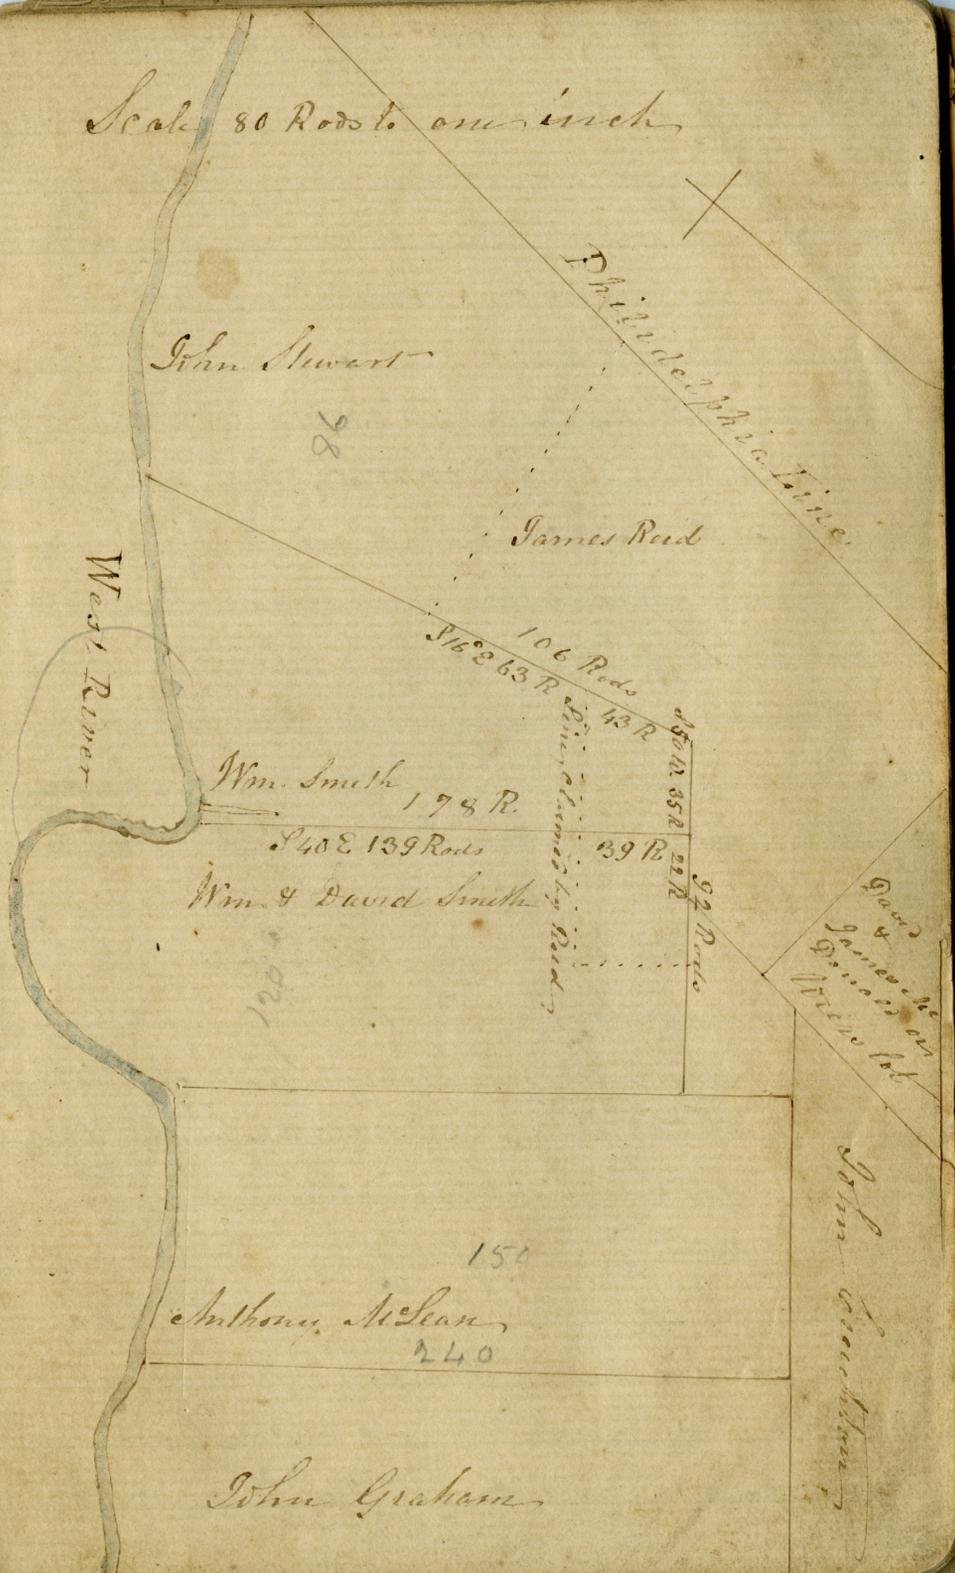

Same day Began at the North east corner of what was formerly Donald Poppe's land at the shore of the Middle River, thence S 64° E 550 Rods which, if what is called the Moore line had ever been continued, this for would have crossed 22 Rods and come within 22 Rods of the east base line

20th February 1867 Result of Measurement & examination of lines in dispute between William Smith, and James Reid. By E. M. S. and Alex. Fraser Esq. Began at the shore of the West River, two rods to the S.W. of a small stream of water emptying into said River thence S. 40° E 139 Rods to where a line made by James Reid crossed our course. thence continued on the same course 39 Rods to a stake & heap of stones which Smith

(on this line blazes 34 years)

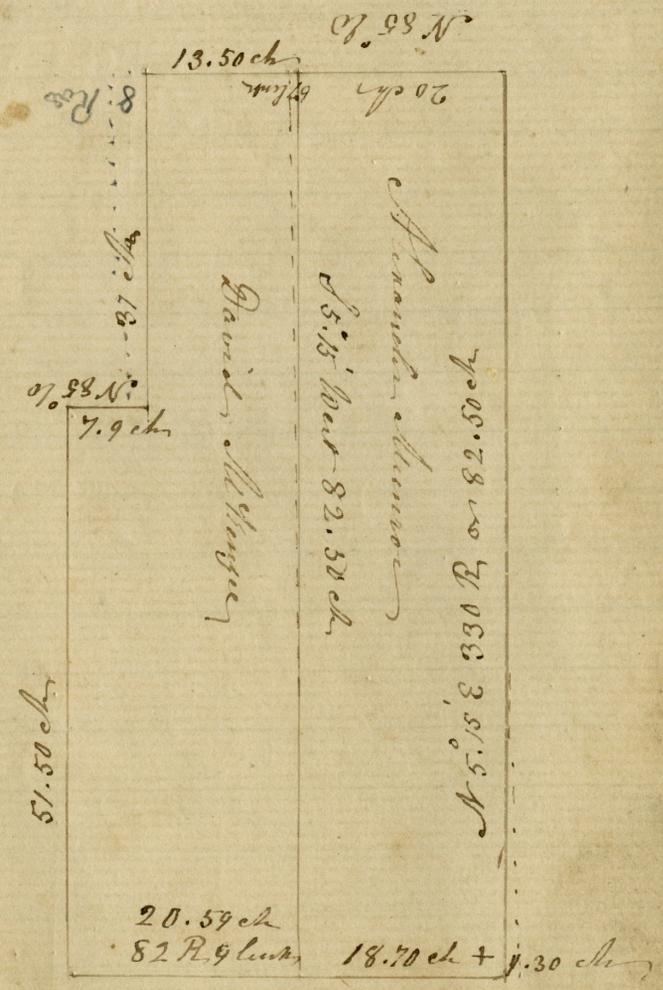

calls his corner or rather his rear line
thence S. 50° 10. 92 Rods to where the S. W. corner
of his middle lot should be by me at measure-
ment thence north 48° 10. 168 rods to the River
thence the various courses of the River down
stream to the place of Beginning on this
rear line blazes were found, 36 years etc
Commence on Smiths easterly line being
the line between Smith & In^r Stewart at
a hemlock tree said to be the N. W. corner
of Reids land thence S 16° E 63 Rods to
a stake called by Reid the rear of Smiths
land, thence same course 106 Rods to
a stake & stones being what Smith calls
the S. E. corner of his land, thence S 38° 10
35 Rods to the S. E. corner of the middle lot
on the line crossing Smiths line, which
Reid claims there were blazes 18 grooves
from In^r Brecktons corner to Capt McDoualls
corner 25 Rods from In^r Brecktons corner
to William Smiths line 133 rods thence
to the S. E. corner of Smiths middle
lot 22 rods

Scale 80 Rods to one inch

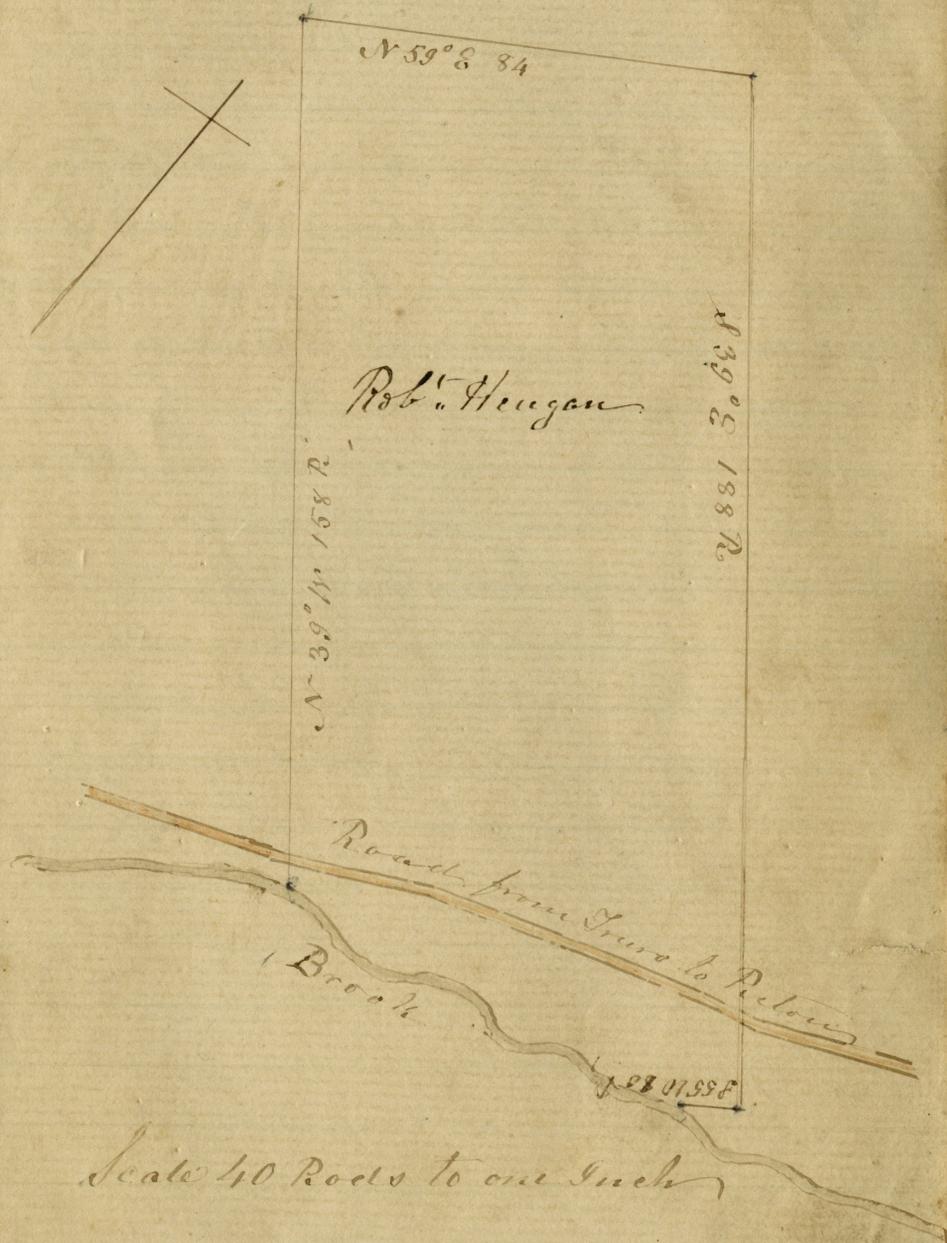

8th June 1867 Result of examination of lines in dispute between David McKenzie & Alex. Munroe Rodgers Hill by Geo. Hattie William McKay & Coll. Lead Began at the S.W. corner of David McKenzie's lot thence S 85° E 20.59 links thence N 5° 15' E 82.50 ch, N 85° W 13.50 ch thence S 5° 15' W ~~57.50~~³¹ ch thence S 85° E 7.9 ch thence S 5° 15' W 51.50 ch to the place of beginning commenced at Alex. Munroe's S.W. corner thence S 85° E 74 R 14 links to a large hemlock tree called a corner but which did not give Munroe his breadth by 5 rods & 11 links thence N 5° 15' E parallel with David McKenzie's line about forty four rods thence an offset East of 5 rods & 5 links to a dike acknowledged to be Munroe's east line which gave him his breadth less 5 links thence S 5° 15' E 286 R thence N 85° W 80 R which crossed McKenzie's line 2 R & 17 links which Munroe was willing to give up to McKenzie but McKenzie refused to take it unless he would do one & a half rods more to an old ash stump which he contended was the original corner but there was nothing to be seen to verify it to have been correct

I consider Alex. Munroe's east line to be a very inaccurate line but his offer to McKenzie to be generous
 G. H. Lead

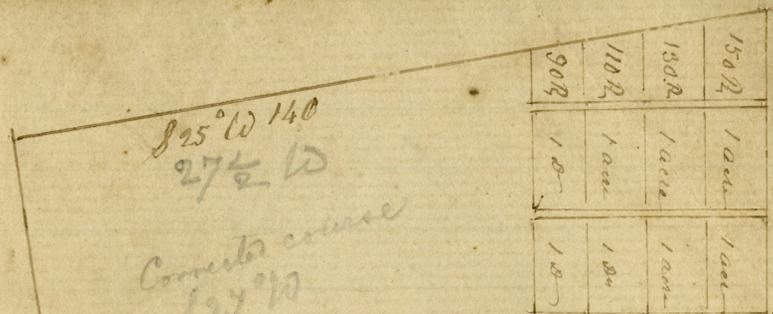

Scale 20 chains to one inch

1 May 1867 Surveyed for Robert Huggan
 Beginning at the north west angle of the late
 James Proudfoots farm lot at a small
 Brook to run from thence by Magnet
 $N 39^{\circ} W$ 158 Rods to the south west
 corner of the lands of one William
 McKay thence $N 59^{\circ} E$ along said
 McKay's south boundary line 84 R
